

TIP SHEET: Pathways BC – Caregiver Resources

The [Community Service Directory](https://pathwaysbc.ca/community) on Pathways BC contains various resources to help support heart failure patient caregivers including handouts, a video, and support line information. This [printable](#) and shareable form shows the steps your patient and their caregiver can take to access these resources at any time.

- 1** Go to <https://pathwaysbc.ca/community> and click on the [Victoria – South Island](#) link near the bottom of the page.

- 2** Below the “**Find Services**” tab, click on “Caregiver Support”.

- 3** There are two tabs to explore:

- **Community Services/Programs** which has a link to the Caregiver Support Line information.
- **Information Handouts, Videos & Websites** including three CHF (chronic heart failure) tools that are identified with a star.
