We are excited to announce the newly reimagined Women's Health Update! Formerly known as the *Victoria Gynecology Update*, this program has been expanded to cover a broader range of women's health topics, designed specifically to meet the evolving needs of primary care providers across BC. We are also eager to welcome participants back to an in-person (hybrid) format in downtown Victoria, BC and will continue broadcasting the event online to ensure that this high-impact CME remains accessible to our many distance learners.
