

# Community Physician Health and Safety (CPHS) Program

## Our offer to you

All services are voluntary, free, and confidential.

- A **web portal** so physicians and staff can create their own customized health and safety program.
- In-person support from a health and safety advisor who will make recommendations to improve and support health and safety best practices.
- A **digital guide** covering all occupational health and safety legislative requirements for clinic owners.

## Clinic Assessments

Book an assessment with our health and safety advisors, here's what you'll get:

A health and safety advisor will travel to your clinic, complete an assessment (< 2 hours), and educate your staff about health and safety best practices.

A report with specific recommendations to ensure you are meeting regulatory and legislative requirements plus you'll receive ongoing support as needed.

## Web Portal

Visit our interactive web portal, here's what you'll get:

Accessible checklists, comprehensive templates, learning resources, and progress tracking to create and maintain safer practices on your own timeline.

Topics include health and safety meetings, violence prevention, bullying and harassment, emergency preparedness, ergonomics, new and young worker training, and more!
